## CHAPTER 28

### IMPACT FEE ORDINANCE FOR THE TOWN OF LYONS

#### (1) Legislative Findings to Support Impact Fees

- (a) The Town of Lyons has expanded or must expand its public facilities if new development is to be accommodated without decreasing current levels of service. This must be done in order to promote and protect the public health, safety and welfare;
- (b) The imposition of impact fees is one of the preferred methods of ensuring that development bears a proportionate share of the cost of public facilities necessary to accommodate such development. This must be done in order to promote and protect the public health, safety and welfare;
- (c) Each of the types of land development described in this ordinance will create a need for the construction, equipping, or expansion of the public facilities;
- (d) The fees established by this ordinance are derived from, are based upon, and do not exceed the costs of providing additional facilities necessitated by the new land developments for which the fees are levied;
- (e) A separate report entitled "Public Facility Needs Assessment and Methodology for Town of Lyons", dated January 31, 1997, sets forth a reasonable methodology and analysis for the determination of the impact of new development on the need and costs for additional public capital facilities in the Town of Lyons.

#### (2) Authority

The Town of Lyons has the authority to adopt this ordinance pursuant to Sections 66.55, and Chapter 236 of the Wisconsin State Statutes.

#### (3) Intent and Purpose

- (a) This ordinance is intended to assist in the implementation of the Town of Lyons Comprehensive Plan.

  - 3. Words used in the present tense shall include the future; and words used in the singular tense shall include the plural, and the plural the singular, unless the context clearly indicates the contrary.
  - 4. Unless the context clearly indicates the contrary, where a regulation involves two (2) or more items, conditions, provisions, or events connected by the conjunction "and", "or" or "and/or", the conjunction shall be interpreted as follows:
    - a. "And" indicates that all the connected terms, conditions, provisions or events shall apply.
    - b. "Or" indicates that the connected items, conditions, provisions or events may apply singly or in any combination.
    - c. "And/or" indicates that the connected items, conditions, provisions or events shall apply singly but not in combination.

(7) **Computation of the Amount of Impact Fee**

- (a) At the option of the feepayer, the amount of the impact fee may be determined by the following fee schedule.   6. Fee calculations for elderly housing shall be calculated by the Town Clerk and based on specific project characteristics.
  7. Residential for this category shall include all types of residential development.

- (b) If a proposed development activity is not specified on the above fee schedule, the Town Clerk shall use the fee applicable to the most nearly comparable type of land use on the above fee schedules. The Town Clerk shall be guided in the selection of a comparable type by the Comprehensive Plan, supporting documents of the Comprehensive Plan, and/or the Zoning Ordinance. If the Town Clerk determines that there is no comparable type of land use on the above fee schedule then the

Town Board shall determine the appropriately discounted fee by considering demographic or other documentation which is available from state, local and regional authorities.

- (c) In case of change of use, redevelopment, or expansion or modification of an existing use which requires the issuance of a building permit, the impact fee shall be based upon the net positive increase in the impact generated from the new use as compared to the previous use. The Town Clerk shall be guided in this determination by the sources listed above.

(8) **Fee Payment**

The feepayer shall pay the impact fee required by this Section to the Town Clerk or his/her designee prior to issuance of a building permit.

- (b) Upon receipt of impact fees, the Town of Lyons Town Treasurer shall be responsible for placement of such funds into separate accounts. All such funds shall be deposited in interest-bearing accounts in a bank authorized to receive deposits of Town of Lyons funds. Interest earned by each account shall be credited to that account and shall be used solely for the purposes specified for funds of such account.
- (c) The Town of Lyons Town Clerk shall maintain and keep accurate financial records for each such account that shall show the source and disbursement of all revenues; that shall account for all moneys received; that shall ensure that the disbursement of funds from each account shall be used solely and exclusively for the provision of projects specified in the capital improvements program; and that shall provide an annual accounting for each impact fee account showing the source and amount of all funds collected and the projects that were funded.
- (d) Funds withdrawn from these accounts must be used in accordance with the provisions of Section (9).

(10) Use of Funds

- (a) Funds collected from impact fees shall be used solely for the purpose of acquiring or making capital improvements and shall not be used for maintenance or operations.
- (b) Funds shall be expended in the order in which they are collected.
- (c) In the event that bonds or similar debt instruments are issued for advanced provisions of capital facilities for which impact fees may be extended, impact fees may be used to pay debt service on such bonds or similar debt instruments to the extent that the facilities provided are of the type described in the definition section.
- (d) At least once each fiscal period the Town Clerk shall present to the Town of Lyons a proposed capital improvement program for assigning funds, including any accrued interest, from the Impact Fee Trust Accounts to specific improvement projects and related expenses. Moneys, including any accrued interest, not assigned in any fiscal period shall be retained in the same Impact Fee Trust Accounts until the next fiscal period except as provided by the refund provisions of Section (11).
- (e) Funds may be used to provide refunds as described in Section (11)

(11) Refunds

- (a) If a building permit expires without commencement of construction, then the feepayer shall be entitled to a refund, without interest, of the impact fee previously paid. The feepayer must submit an application for such a refund to the Town Clerk within 30 days of the expiration of the permit. The application shall include such supporting documentation as the Town of Lyons may reasonably require.
- (b) Any funds not expended or encumbered by the end of the calendar quarter immediately following ten (10) years from the date the impact fee was paid shall be returned to the current landowner, without interest.

  - 1. Alterations or expansion of an existing residential building where no additional residential units are created.

2. The construction of accessory residential buildings or structures.
3. The replacement of a destroyed or partially destroyed building or structure with a new building or structure of the same size and use.
4. Any claim of exemption must be made no later than the time of application for a building permit. Any claim not so made shall be deemed waived.

(13) Credits

- (a) The following procedures apply regarding credits to the impact fee:
  1. The Town Clerk shall, if appropriate, establish and apply a credit equaling the net present value of any future property tax payments the feepayer will pay towards capital facilities and equipment to be funded by Impact Fees and/or credit to compensate for moneys received by the Town of Lyons from the federal or state government specifically to provide or pay for the public facilities for which the impact fees are imposed.
  2. Any claim for credit must be made no later than the time of application for a building permit. Any claim not so made shall be deemed waived.

(15) Penalty Provision

A violation of this ordinance shall be prosecuted in the same manner as misdemeanors are prosecuted and upon conviction the violator shall be punishable according to law; however, in addition to or in lieu of any criminal persecution, the Town of Lyons shall have the power to sue in civil court to enforce the provisions of this ordinance.

(16) Variance/Appeal Provision

If a feepayer contests the impact fee determined according to Section (7), then the feepayer shall apply for a variance to the Town Board and prepare and submit to the Town Board an independent fee calculation study for the land development activity for which a building permit is sought. The documentation submitted shall show the basis upon which the independent fee calculation was made. The Town Board shall consider the documentation submitted by the feepayer and, if necessary, request clarification or additional information. If an acceptable independent fee calculation study is not presented, the feepayer shall pay impact fees based upon the schedule shown in Section(7). If an acceptable independent fee calculation study is presented, the Town Board may adjust the fee to that appropriate to the particular development.
